## Investment of 10,000,000 euros in Lehliu Gară City Hospital

Investment of 10,000,000 euros in Lehliu Gară City Hospital, from regional development funds. The City Council voted to start the documentation procedures for submitting the funding file. With the money obtained from brother Iliuță Vasile, the mayor of Lehliu Gară wants to expand and modernize the (newly renovated) hospital! On Christmas Eve, in the evening, Ilie and the team went to the Rustic Inn, where the Emperor introduced the two young starlets from the Clan (Sofian Junior and Pușchiu Junior), they cried, laughed, took pictures and danced, just like in the old good days!

## ADRA – Judeo-Adventist Caritas, the Secret Protocol and the New Age Pill implemented in the Concept of Educated Romania

The problem of continuity in the Carpathian-Danubian-Pontic space, in the last millennia, has been a continuous battle, a bitter one, of rare hardness and with numerous victims from all social categories. As a legacy left by our ancestors, we have taken care of Romania, which we must leave as a legacy to the next generation, which we must take care of, as we take care of our own children! The 21st century brought to today's Romania a high level of development of multiculturalism and religious tolerance.

The huge economic interests of the American-Israeli alliance in Romania (year 2022) have long exceeded the boundaries of the normal through the development of a mafia-type structure, specific to Organized Crime, through which it is possible to divert important directions of development of the Romanian Society, to the area of interests, of masked evangelization, of brainwashing children in schools and of destroying the pillars of our society: the two representative Churches: Orthodox and Catholic. BREAKING NEWS

## BREAKING NEWS - Father Calistrat Chifan returns to the Holy Altar

Father Calistrat Chifan returns to the Holy Altar following an incredible decision of the Orthodox Church, which understood the fact that Father Calistrat was the victim of a complex Kompromat action, an action that involved important financial and human resources, orchestrated by the Respiro Judeo-Adventist sect. ## Investment of 10,000,000 euros in Lehliu Gară City Hospital

8. Proiect de hotărâre privind rectificarea bugetului de venituri și cheltuieli pe anul 2022 al Spitalului Orasenesc Lehliu - Gara;

PRIMAR  
IACOMI IULIAN

Iliuța Vasile is the President of PSD Călărași, Iulian Iacomi is the President of PSD Lehliu Gară and the President of PNL Lehliu Gară. Ion Iacomi is the President of the PNL Dor Mărunt and the new President of the PSD Dor Mărunt (position temporarily held by Nicu (called Meserie), the ball boy in the Clan.

Scared of poisoning, to which the Sectarians resort, Iliuța Vasile (during the visit) did not touch either the glasses or the tableware!

Among other things, there were four important elements that Ilie wanted to discuss:

- 1) For the PSD, the Emperor must give contracts worth 1,000,000 euros to the party clientele, who contribute to Calarasi (out of the 10 million...)
- 2) For Ilie's clientele, the Emperor must give certain contracts, for some works, worth 1,000,000 euros.
- 3) The Emperor presented the youth team to the God of Gods (Iliuța Vasile), i.e. Pușchiu Junior and Sofian Junior, registered in PSD and PNL Lehliu Gara, respectively, and prepared for the upcoming contract sales.

4) The burial of the ax of war, under the hidden tears of Deputy Barcă Constantin, who could hardly refrain from seeing how Ilie danced with Ion Iacomi, moving the earth beneath them, while Biloî from Mangalia sang the joyful maneale.

And the liberal and social democratic leaders danced around the TSD cake, while Biloî recited merry songs in honor of the guests.

8,000,000 Euros remain in Lehliu, which will be divided between the Prahova companies of Iulian Dumitrescu and those of the Clan members. It is expected that a maximum of 1-1.5 million euros will remain in the City of Lehliu Gara! If we think about how the City looks at the moment and the surrounding areas, a sum of 1,000,000 euros to remain in the City, represents an exceptional achievement, which would not have been possible without the hard work and dedication of Iliuta Vasile, a man among men !

**The night before, a discussion of important people took place in the same location, but in the cold, because the Emperor had not turned on the heat.**

From the witnesses present at the event, a little intro, to understand how heavyweights discuss:

"That's all Dingă, the manager of the inn, could ask inquiringly at the meeting of the pirates who were discussing how to inflate and share the pot - that the fur of the bear from the forest (which has been hanging on the wall of the inn for a decade-nr). Yes, director, we are receiving ten million euros, non-reimbursable financing, from the investment funds, for what you call "a grand project" in the project. I would never receive this money, if I did not return to the PSD and serve God.

So, between two curses of the dead, thank Iliuta for giving us money to spend" - answered the Emperor."

And, yes, with 10 million euros you build a new hospital, not just expand and modernize an old one. The problem is that in the case of building from scratch you can't steal money (or you can, but much less). Why is this being done all over the country? With the money that could be used to build old hospitals, some ruins are patched up (and 50-70% of the sums disappear into the pockets of local barons and mobsters).

**The Respiro sectarians refused to participate in the meeting with Iliuta Vasile**

Radicals from the Respiro Sect, within the Dor Mărunt organization, refused to participate in the meeting, threatening the Mayor with losing the support of the Adventist Church, if Ion bows his head to Ilie! For this reason, Micu Filip Ionel and Tudor Ioan (vices) were absent from the party.

**The Judeo - Adventist political - economic Babylon with Emilia Șercan (Lucretia), the Jewish media apparatus and Hopulele Cătălin EP. VI**

I grew up in Dobrogea, where during the period of Socialism we entered the Mosque, the Orthodox Church and the Catholic Church, I grew up with ethnic Tatars, Gypsies, Aromanians and this mix of cultures, tolerance, education, freedoms (as they were), social framework, contributed to my formation today and to the firm conviction that respect for cults, for the one next to you, represents, along with the family, the Church and education, the absolutely necessary card for formation and development harmonious in Romanian society. I grew up on the car-free streets of Constanța, with a key around my neck, I roamed the hills of Dobrogea and the shores of the lakes of Năvodari, where I used to go at 7 in the morning to catch small shrimps, to fish with the fishing rod the frog fish, so sweet, tender and tasty. Far be it from me then, the fact that two decades later, I end

up accusing the leadership of a Religious Group of constituting an Organized Crime Group, end up finding out that behind the Leadership of the Adventist Church and the Friendly State of Israel are people of malice and remarkable perfidy, of boundless human misery, are people who come weekly to the pulpit, where they preach love, understanding and love towards their fellow men and who consider themselves "people of hope".

### The pastor in the Judeo-Adventist Church

The pastor, like the priest, is paid by the state, by virtue of the constitution. But he does not celebrate the feasts, he does not take care of the church (the brothers take care of the lord's house), he does not consecrate places, he does not visit the widows and the poor (in fact he does not visit anyone except in exceptional cases and strictly related to the liturgical program) or for propaganda purposes with the packages before the election campaigns in which body and soul were involved.

The pastor does not officiate too many weddings, baptisms or funerals. He does not make confessions, he does not officiate services on religious holidays, he does not officiate communions and memorials, he does not hold religious classes. How many times have the Adventist believers been visited by the pastor in a suffering, in a trouble, in a painful separation, in a difficult family situation?

The pastor is the one who climbs the pulpit, preaches without direct contact with any of his parishioners, in a short, severe and distant service. He is the one who teaches dogma to the church every Sabbath, but who does not convey emotion, compassion, understanding, connection with his brothers.

The pastor does not know his parishioners, and his mission is generally for a fixed term of 3-4 years, like a military service, exact and orderly, so neither the faithful nor he invests in a relationship (real communion). The pastor officiates services only on the Sabbath. The pastor is free the rest of the week! To think schemes, to collect information, to arrange, to make reports, to discuss them tete a tete. To bring missionary books (our sources from the school tell us that the teaching sister Corina Rotaru complained to her colleagues), that at one of the small churches in Dor Mărunt, 10 parishioners, they had set aside their small income (the collections and tithes go to the center) a fund to repair the fence through which thieves and wild animals enter.

Brother pastor Gabriel Kadar thought that that fund could have other uses so he put some bags of missionary books on the table and took the fund from them telling them that when the books are sold they collect back the amount from the fund repairs...

1.854.000 USD/2020

ADRA Romania is an NGO of the Seventh-day Adventist Church with a declared budget of approximately 2,000,000 euros! On the Board is also the wife of Mr. Andrei Mohorea, a respected businessman in the Bitcoin Industry.

ADRA does a lot of good wherever it goes! There are dozens of programs dedicated to the poor, to children, but, really, ADRA represents a huge criminal scheme dedicated to proselytizing in schools and access to kindergartens / schools / high schools / vulnerable communities.

Details about this MLM will be revealed in future episodes, but behind the whole ADRA concept is the "multiplication of talents", an ancient Israelite problem, the basis of Judaism.

Among the antivaccinists who rejoiced at the rejection of the green certificate in the Senate was the owner of the Facebook page "Andrei Bordas Mohorea", followed by 1.2 million users. Journalists from misreport.ro discovered that the page, created four years ago under the original name of "Hispanos del Mundo", is managed by five accounts from Romania. The name of Andrei Bordaş Mohorea is found on the list of promoters in Romania of a so-called investment in cryptocurrencies, which the BBC showed in a 2019 investigation that, in fact, was a huge pyramid scheme to defraud money. Recently, a video shared on the same page claiming to show thousands of Italians refusing to present their vaccination certificate in a supermarket gathered 8,000 likes, 4,500 shares and 247,000 views in six days. In reality, the clip, filmed in 2011, showed the arrival of Napoli football team supporters at the train station in Rome.

### The case of the Dor Mărunt public school transformed into an Adventist Sectarian School

Mariana Stan a adăugat o fotografie nouă. ...  
22 sept. 2022

Romania's biggest problem is the politicization of education and the appointment of people who have nothing to do there, people who are blackmailable and lack professional conduct, to the Inspectorates and to the management of Schools!

School no. 1 in Dor Mărunt represents one of the most important Pilot schools of the Respiro Sect.

Sister Lascu with the ADRA bag

The key behind the success of the Sectarians is the access to the positions of School/High School director, the control of the Mayor and their funds, the control and collaboration of the Inspectorates and the staged transformation of educational units into Adventist Schools through purges in the teaching staff and bringing in people from the Church, even if they have lower specializations and professional training.

**Behind ADRA are hidden complicated schemes of "donations" and financing with public money.**

ADRA comes with packages for the poor children, however, in the picture the director Stan Mariana has to carefully place the bottle of oil (to show that it is quality oil), the oranges and the

consistent volume given generously. It is important to place the detergent bag, to see in the picture the name of the manufacturer as well as the tube of salami offered! All for a picture taken by Sister Lascu!

**ADRA - kindness with usury: give with one hand, take back with two**

Mariana Stan - facebook - interested in AMICUS, ADRA and Andrei Bordas Mohorea

**ADRA is a Judeo-Adventist Caritas that gives with one hand and takes back with two hands**

An NGO that operates as a multinational with a BOARD, CEO and a huge fund structure and work bases in 150 countries. The ADRA budget comes mainly from tithes and collections (the Adventist Church holds the record for collections) but also from placements and investments, or state funds. An NGO has a 2,000,000 euro budget, compared to 35,000 contributors!

**The morning pill is an encouragement to give to a sick man!**

The morning pill is held punctually every morning before the classes, children are gathered in the specially arranged hall in a gothic decor. Under the attentive, orderly gaze of Sister Daniela Lascu, Mrs. Director Mariana Stan confuses the chair with the pulpit where she preaches on the Sabbath. All this time, Daniela Lascu carefully photographs and posts each pill. The students are before and after the pill lined up

in the hallway in an iron discipline for the imposition and sedimentation of orders. Emphasis in a wild way on imperfections, an emphasis on the person and not on situations, facts, contributes to the deformation of the self-image at an early age, when children have not defined the value of self-esteem and seek validation from those around them, teachers society, family. He smashes them against the walls then tells them they are good for society, they fit in. It is a sermon for sick, crippled, blind people where you are encouraged to accept yourself with imperfections.

Mariana Stan must become a contributor to ADRA, where following a fair organized with products made by the little ones, the people of the village had to contribute significant sums of money to ADRA, annually, in the form of donations.

Wasn't it normal and moral that the money collected from the products made by the little ones should stay in the village of Dor Mărunt, a locality without running water, without sewerage, without gas, in abject poverty?

The Muntenia Conference allocates important resources to the criminal cell from Dor Mărunt and the RESPIRO SCHOOLS Sect, which becomes an Information Structure, with Fascist-Legionary type action, organizes sabotage of economic agents, infiltrations, administrative purges, organizes searches, controls and inspections with the aim of destruction to those who disturb the interests of the Sectarians.

Please observe the details in the image above!

Brother Filip (Micu Filip Ionel) is infiltrated in Dor Mărunt Town Hall, where together with Mayor Ion Iacom and Secretary Vatafu Constantin, he organizes a lot of searches in Dor Mărunt and the neighboring towns, he works actively under the signature and stamp of the Town Hall, in order to organize checks dedicated to "enemies" instilling a state of terror, fear and sabotage. Brother Filip is an Adventist, but he serves the ultimate purpose of the Church!

You can also read about brother Filip in the article **Redefining the concept of human misery** published on our website, accessing the address::

<https://experimentullehliu.ro/2021/11/07/redefinirea-conceptului-de-mizerie-umana/>

Micu Filip and leaving the scene of the accident! Now, brother Filip appears next to Mayor Ion Iacom (see front picture)!

**ADRA took the money earned by the children from the School and it disappeared...**

### Structure of Organized Crime within the Adventist Church of Dor Marunt

In order to carry out "the Lord's work", the Muntenia Conference allocated huge financial funds to the Dor Mărunt area. Thus, in the area, two pastors were appointed to take care of the surrounding churches: Pastor Calotă, directly linked to the Respiro SECT and Pastor Kadar Gabriel (brought specially from Năvodari/Constanța, with dedication).

The church was layered and organized to eliminate any dangers to expansion and development plans! Pastor Kadar infiltrated the families of the enemies of the Group and sent threatening messages (tete a tete), to the persons and children of those considered "stump in the way of the Sectarians".

The collection of information directly from the source had the direct complicity of employees from the Călărași City Hall and ITM, Călărași Consumer Protection, Călărași Police, Dor Mărunt and Lehliu Gară Police, who organized actions to directly destroy those considered "enemies". Religious fanaticism among the Respiro Sectarians is actively combined with media blackmail against decision-makers from Bucharest and Călărași (Roxana Paturca, School Inspectors - for example), with very good results in

the development of missionary action and information gathering and sabotage activities.

Pastor Kadar pastors both Dor Mărunt-2 churches and communities in Bucharest, which is not at all a common practice in the Adventist Church. He is also accompanied every Sabbath in these communities by his wife, another unprecedented fact. Daniela Kadar has the holy mission of infiltrating among former tailoring colleagues from Brâncoveanu, Mrs. Kadar working in the garment factory in Ialomița county. The leech method...

Teleorman, Oltenia dominates the leadership of the 7th-day Adventist church, and Prahova dominates in the 2nd echelon!

### The Jewish Holy Mission taken over by the Sectarians—the multiplied multiplication of gold coins

The Holy Mission of infiltration comes meekly, submissively and conveys concern to the church about the disobedient, those who do not listen to the Lord. For they are weak and only in the Lord are they strong, and the Lord defends the strong because they are the true leaders of the mindless crowd! These are the New Age teachings for propagating financial empires and multiplying golden coins! Only the financial empires that Bog Art (Raul Doicescu-adventist sympathizer and project brother) and Concelex but also the Austrian and American brothers receive the Holy light to take care of the poor and helpless - the stupid and shameless people, with the good way of Christ!

*A week ago, Ionel Dinu appeared in a press conference with leaders of the Adventist church: Danut Liga and Viorel Patrana. They were sent by the leadership of the Popular Movement to support Ionel Dinu.*

*The Internet extensively describes the biography of the two MP leaders: Adventist Dănuț Liga - PDL deputy, Adventist pastor Viorel Patrana and Dan Diaconescu laundered 300 million euros through the "100% True" mega-scam.*

*Behind the mediatized show "100% True", broadcast every Sunday on OTV, were the Adventist Danut Liga and Theodor Berna, one of the controversial "kings of the asphalt".*

*PD-L deputy Dănuț Liga, an Adventist by profession (former PRM-ist) was just a pawn in the financial engineering orchestrated by OTV.*

*The "100% true" raffle was financed by the members of the ADVENTIST cult from the USA and Great Britain and had the purpose of money laundering, the prizes offered to the winners having a market value below the officially declared one.*

*Videoprod Industries SRL, with headquarters on Hristo Botev street Bucharest, is the organizer of the competition. Videoprod SRL bought broadcasting space from OTV, invested in prizes offered to lucky viewers and collects the money paid by those who send SMS to register for the contest.*

*Brothers Robert and Ionuț Negoita, also Adventists like Viorel Patrana-pastor, sold the apartments offered as a "prize" by OTV and Dan Diaconescu to Videoprod.*

*The administrator of the SRL is the Adventist pastor Viorel Patrana, a close friend of the Liga family and a tenant in one of its villas in Balotesti. The Liga brothers also belong to the Adventist confession. Likewise, Laurentiu Șerban, a Romanian naturalized in the United States, who represents the British offshore in relations with third parties.*

*For their part, brothers Robert (PSD deputy) and Ionuț Negoita come from an Adventist family, being well-known in the religious community, the two earn "honest" money.*

*The BI started an extensive investigation, which incriminates Dan Diaconescu, Dănuț Liga (Adventist) and others. In the US, tax evasion is assimilated to crime, and the penalty is 20 years in prison, plus confiscation of assets.*

*Until yesterday, the "people's" television, OTV, was, in fact, part of the swindling of ordinary people who sent millions of SMS, which filled the pockets of Adventist Dănuț Liga, Dan Diaconescu and others. In order to participate in the draw, applicants had to subscribe to the online magazine "100% TRUE" by sending an SMS, after which they would receive an access password to the magazine's website, and the value of the subscription was 3.57 euros including VAT included. For Romanian citizens settled in other countries, such as Italy, Spain, the price of the subscription is 6 euros."*

## Case study: Sister Corina Rotaru

How do Sectarians work?

Corina Rotaru and Nicoleta Rotaru - both teachers at secondary schools no. 1, 2-Dor Mărunt, Dalgă, Valea Argovei, who in a short period of time, go from nurses in Italy, an honest job, to teachers with higher education at Adventus University, done part-time while caring for the elderly in Italy or even teaching in school..

Corina Rotaru has 20 years of work as a nurse in Italy, until 2, 3 years ago when she became Mariana Stan's right hand in spreading Adventist discipline in schools, during which time she also studied at Adventus University.

Children are lined up daily and made to believe that they are imperfect, that they are full of flaws, following the teachings of the Heretical Sects from the books of Mariana Stan, a man obsessed with expensive clothes, money and luxury, lacking soul and empathy towards those around her, who established a dictatorship in the schools and kindergartens in the area.

## New-Age Teaching

What does this Neoprotestant & New age concept represent: "Mechanical, hybrid combination of heterogeneous or even opposing points of view or conceptions;

1. Lack of consistency in beliefs, in theories.
2. Non-unitary system of thought, which, without being based on original ideas, chooses from various systems of thought, artistic styles, etc. what seems best to him.

**"3. Arhitecturarte - Uncritical combination of elements taken from different styles or from the different personal means of expression of some established personalities."**

<https://sinonimul.ro/eclectism>

Morning Pills and Heresy, dominated by Buddhist, Neo-Marxist and Modernist teachings, is to be defined in a separate chapter, due to the complexity of the subject!

*"Behold, the ax rests at the root of the trees and every tree that does not bear good fruit is cut down and thrown into the fire"*

### The parables served at the Morning Pill

Here is what the Lord says in the parable of Isaiah 5:1 about those who do not bear good fruit!

#### Life of God

- I will sing to my Beloved the song of my Beloved about His vineyard\*. My beloved had a vineyard in a very mitten plain.  
- He dug the ground, cleaned it of stones and planted the best vines in it. He built a tower in the middle of it and dug a winepress, then he hoped\* that it would produce good grapes for Him, but it produced wild grapes.  
- "Now," says the Lord, "inhabitants of Jerusalem and men of Judah, judge\* you between Me and My vineyard!  
- What else could I have done to my vine that I didn't? Why did the vineyard produce wild grapes, when I expected it to produce good grapes?  
- But I will tell you now what I will do to My vineyard: I will pull out its fence, so that it can be grazed by cattle; I will tear down its wall, so that it will be trampled under foot;  
- I will let it go; it will no longer be cleaned or dug up; thorns and thistles will grow in it! I will also command the clouds to stop raining on her."

## BREAKING NEWS - Father Calistrat Chifan returns to the Holy Altar

The decision to restore Father Calistrat to full ministry rights in the Monastery on the Holy Feast of Christmas represents a just decision and a reparation for the bad deeds committed by the sectarians. Involved in the decision was also the Patriarch of the Orthodox Church, Father Daniel, who is saddened by the heinousness of the facts and the perpetrators who could think of such a thing.

Father Calistrat Chifan is reinstated in full rights in what can be considered as one of the wisest decisions made by the Church for a priest, in an extremely short time.

The decision to restore Father Calistrat to his rights is a confirmation of the fact that the Priests at the top of the church understood the complexity of the problem they are facing, analyzed the elements presented in the national media and confirmed the defamation action of the prelate of the Vladiceni Monastery, practically resetting all the decisions previous. Father Calistrat is just one of those lynched by the Judeo-Adventist Sectarians, with real estate and energy interests. We will revert on this subject soon...

And to show who the Price sectarians have been attacking for months, we present the material recorded with Father Calistrat, a few hours ago. Father Calistrat is a pillar not only of the Orthodox Church, he is a pillar of the Romanian Society, and his destruction had a very important role!

## If you have a stick, you always find a dog worth a beating

### Reality is better than fiction in Bărăgan!

In Dor Marunt commune there is a Territorial Administrative Unit, where around 40 people live on the payroll! Between all of them, 3-4 work daily, on schedule!

**We work hard and with enthusiasm! 36 signatures, three weeks of work for three clerks, dozens of phone calls and trips, all for 12 certificates issued by the town hall, all filled out incorrectly**

Among the four, at taxes and at the agricultural register, you always find someone! Cozman Gheorghe has been issuing certificates for a lifetime, that even he no longer knows how many millions of papers he has signed.

We found out from the locality, how a tax payer has been trying for three years to obtain some certificates, with which he goes to the ANCP (to register some lands).

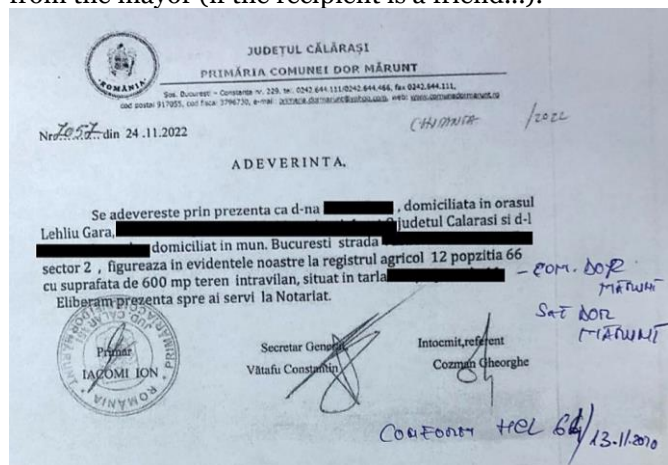

Cozman Gheorghe- angajat în Primăria Dor Marunt- a eliberat toată viața adevărate și nu renunță!

### The "document" routel

The "document" is drawn up by Cozman Gheorghe, signed by the Secretary of the Municipality (Vatafu Alexandru -

also elected in the CA of Ecoaqua), and then finally, it will reach the table of the mayor, who must also sign it! Yes! Three signatures must have a certificate in Dor Mărunt that certifies that a land exists in the commune in question! As the mayor Ion Iacomi is illiterate, Cozman Gheorghe comes and reads each certificate and obtains a signature from the mayor (if the recipient is a friend...).

## The Jewish Problem in Romania in 2023, Respiro Sectarians with Piturlea, Concelex and the "demonization work" of the Orthodox and Catholic Church. EP. IV

The process has been started **for more than 25 years**, but it was necessary to "bake" the generation of educated Adventists, able to take the reins in televisions, radio, newspapers, able to coagulate concerted actions, thought to ensure their success in the desired goals! The schism in the Seventh-day Adventist church came as a necessity, a chaotic mixture of religious concepts, **coupled with the union of Evangelicals, Baptists, Pentecostals, Jews and the total seizure of the political ZONE of interest to them: Education, Institutions that coordinate and control activity in constructions (where they spin billions of euros). The quasi-complete takeover of the media!**

Romania is in the most fragile period after the Second World War, a period in which active work is being done, digging hard and with determination, to destroy the base of the Romanian Society, so that later, on the farmed ruins, a "new world", a world of their own!

**Sounds incredible, doesn't it?**

Well, the JEWISH PROBLEM did not go away, it lay dormant, worked slowly, and reached the same point as in 1940!

### But what was it like in 1945?

"Americans are now playing the Jews' card and in a country where we have 400,000 Jews, with several tens of thousands infiltrated in our state, economic, political and cultural apparatus, it is not difficult to play this card. Don't be under the illusion that you can change them. Yesterday's merchants, yesterday's manufacturers, players on the black market, you cannot transform them, even if they come and prove to you that they have read Marx and are studying Lenin [...] Full of Jews, everywhere Jews [...] The Zionists are very good elements for the fifth column [in Romania.] [...] We do not give work to the engineer whose father is declared a chiabur, but we receive and entrust command posts to the Zionist fifth column, for the simple fact that they know how to stick to the party." (Petru Groza in a discussion with Emil Bodnaraș, June 23, 1949)

"In 1945, a large part of the state and party apparatus was in the hands of the Jews, so that, in 1950, it had reached an embarrassing situation, in which maybe 2% of the country's population held more than 25% of the key positions of the regime. During this period it was said that the only difference between the State Planning Committee and the Ministry of Economy in Israel was the fact that in the Israeli ministry you could also find a few Arabs." (from the internal report "Jews from Romania: a disappearing minority" of the U.S. Embassy in Bucharest, dated February 26, 1964, stolen by the Securitate from the embassy building, reproduced in the version translated by the Securitate in Marius Oprea 2002b and Solomovici 2004: 509 -13)

"Tov. Gh. Gheorghiu-Dej: '[...] I would ask you to tell me why at the CSP [State Planning Council] over 80% are elements of Jewish origin [...] Comrade. [Leonte] Răutu: 'In the editorial system there were more than 40% Jews.' [...] Comrade. Gh. Gheorghiu-Dej: 'Innumerable examples could be given. I asked why there are over 60% Jewish elements in the Council of Ministers, who brought them there, did they come alone?'" (from the transcript of the Politburo meeting of February 19, 1960, apud Andreescu, Nastasă și Varga 2003a: 641, 644 ( pp. 625-646))

"During the first years of Comrade Gheorghiu-Dej's reign, Jewish communists occupied seats in all the upper levels of politics, culture and state administration [...] It is true, Jewish communists were everywhere, in the Politburo and the high party apparatus, [...] in the Army, Security, Prosecutor's Office and Militia, [...] in state, economic and cultural bodies [...]." (Teșu Solomovici 2001 II: 42)

**Year 2022 - The Orthodox and Catholic Churches are infiltrated by Sectarrians of the Respiro sect and are attacked systematically, staged, by programmed attacks and thought to remove the clergy from the church, by demonizing and destroying the foundation of the church: Priests**

Following the series of articles from the Lehliu Experiment, related to the Kompromat campaign against Father Calistrat and the Orthodox church, the Masonic Sectarrians and the Jews have changed their attack strategy!

A rotation of the authors was carried out in the articles concerning the Orthodox Church from the last days in the national media, the topics were changed to "softer" ones in which to subversively attack the Orthodox Church, but constantly and with an exposure of 3-5 million views. The debunked elements (Vasile Ernu (Messianic Jew) – writer and Hopulele) were taken out of the foreground and new names were brought in, without a direct connection to the attacks of importance to the church, and people like Gigi Becali were put forward in a tendentious manner, to imprint the idea of the "decline" of the church.

**Gigi Becali** disturbs the interests of Judeo-Adventist developers in the north of the Capital, where Becali still owns significant areas, has a strong connection with the Orthodox church and is loved and appreciated by Romanians, and as a sign of appreciation, he received the Patriarchal Cross.

**Sectarian Jews attack the Orthodox Church at its foundation, with a miserable attack in which they use the photoshopped image of Patriarch Daniel and the BOR Coordinator Patriarchal Counsellor - Rev. Dr. Michael Tița**

*Title translation: Father Mirel Ilie, about the criticism that the BOR is rigid: "In the Orthodox Church, no one comes to your door to knock: "but you didn't come to church on Sunday". It is not indifference, but the freedom of choice for everyone of us".*

Părintele Mirel Ilie, despre reproșul că BOR este rigidă: „În Biserica Ortodoxă nu vine nimeni la ușa ta, să bată: «da' n-ai venit duminică la biserică». Nu este indiferență, ci libertatea de a alege a fiecăruia dintre noi”

**In the Christmas material, the Judeo-Adventist Sectarrians add the image of the Patriarch and Father Tița without connection with the presented material, which is an abjection, in itself!**

Endless discussions between those from the Libertatea editorial office, who finally choose a photo (processed in Photoshop) in which the Patriarch is next to Father Michael Tița, a picture in which Dr. Tița looks like Father Gavril Vasile (from the Russian Church in Bucharest). The idea is for people to confuse the two, both pillars of the Orthodox Church, which until today could not be attacked or smeared by the Sectarian media. The choice is made in such a way as to confuse the chain and cross worn by Dr. Tița with those worn by Father Gavril Vasile and with the image of Father Gavril.

Dr. Gavril Vasile and Dr. Michael Tița (Head of Protocol of the Patriarchal Administration) are two key figures in the Orthodox church, from the top of the church.

Dr. Tița Michael is rewarded by the Romanian Academy (in 2022) for the contribution of the Orthodox church and the Patriarchy within the "Together We Protect Romania" Gala, to the harmonious development of society. Dr. Tița is not only the right hand of Patriarch Daniel, he is a person with whom the communication of the Orthodox Church with other religions, with the Russian church and with the Catholic Church is connected.

Professor Dr. Gavril Vasile is another representative person (Public Figure in the Media), founder of the High School of the Holy Three Hierarchs in Bucharest, an example of modesty and moral conduct, member of the Patriarchal Council and father of the church of Saint Nicholas (the Russian church - copied by Sectarrians from **Concelex**...). We will return to this link of the copying of the Russian Church by **Concelex**.

**Sectarrians use the technique of manipulating the masses by joining images with facts described in a tendentious way, intended to demonize through repetitive actions, people they want to destroy!**

The Jews from Liberatea dig alongside **Concelex** (with Daniel Pițurlea (**Temple Mason**) and Violeta Pițurlea), the Sectarions from **Recorder** and the Adventist media, the basic structure of the Orthodox Church and the Catholic Church. Liberatea has prepared for the next six months, several dozen articles, with video and audio recordings, in which they will crush the image of the two churches! The materials will be rotated in several **media** channels!

### WHO IS ATTACKING THE ORTHODOX CHURCH AND WHO IS DIGGING AT THE FOUNDATION OF CATHOLIC CATHEDRALS?

An entire apparatus of generous investors, who appointed a President (Iohanis), who installed a simpleton Prime Minister, who captured the Ministry of Education and the Inspectorates, who infiltrated the Schools with key persons, who completely captured the Romanian Media, who poison political people, to hasten the process of seizure, and who poison children of enemies, to keep them busy! The core consists of several hundred people, with several thousand others, participating in the criminal scheme, on various levels. But let's start the presentations:

Using the duplicitous model of antenna 3 through Pastorul Gâdea, at Speranța TV, the producer of shows Costi Gogoneață brings a guest, a man of the Orthodox Church, who defames. Hope Tv - Adventist television is part of the Hope Channel, they regularly invite Orthodox Priests to their shows.

### LIBERTATEA - Jewish propaganda and attack channel

Note the attention of Liberatea patron, Mr. Ringier Michael, who published on the Romanian website (Liberatea.ro) a translated article in which he laments the anti-Semitic trend in Europe today! The same Ringier, a businessman and an oppressed Jew, brings the misery of the Respiro Sectarions into the Romanian society, propagates lies and destroys destinies, leads dirty campaigns through which he aims to destroy the Unity of the Romanian State, pursuing an immediate financial goal!

### SPERANTA TV (Hope Channel) - RESPIRO SECT CHANNEL + Antena 3- where Gâdea and Concelex share Orhidea Gardens and huge financial and Ideological Interests

Hope TV is the translation for the Advent Church - waiting for the second coming of Jesus Christ.

### Maurer real estate and the A7 TV station (A7 comes from Seventh-day Adventist)

A huge Judeo-Adventist scheme with investments of hundreds of millions of Euros, which required the insertion of dozens of people into the public administration, who would defend their interests and projects and defend them from problems!

"Cornel Dărvășan, the former bank colleague of Mihai Gâdea, director of Antena 3, at the Faculty of Theology, is the general director of a new generalist television station exclusively online launched on Sunday.

A7 TV is the name of the TV station run by Cornel Dărvășan, which he intends to switch to cable "after at least 6 months". The television has 19 shows in its schedule, produced in two studios with multiple sets and broadcast live on Facebook, YouTube and on the station's official website."

## BABYLON THE GREAT AND THE CONCEPT OF EDUCATED ROMANIA - thought for a century - EP. V

During the Liberal government and with the direct participation of the Romanian Head of State, Mr. Klaus Werner Iohannis defined the concept of Educated Romania, a concept "thought for 100 years"! The results conceived by Educated Romania can be seen in the year 2023 throughout Romania, through the prism of arranged political appointments of key figures from the Ministry of Education, from Inspectorates and appointments of directors in Schools.

The disaster of the infiltration of hundreds of NGOs in Schools is visible with the naked eye, even if they work at the grassroots level, and the main actors act subversively, offering free "elevation to high educational heights" to the clergy! Sectarians and evangelization go hand in hand in the Educated Romania of 2023, coupled with the robbery of public money, given with dedication and generosity by the corrupt politician, the corrupt businessman!

In parallel with all this madness unfolding under the eyes of the indulgent Romanian, a campaign to destroy the Orthodox church is taking place, hidden under the cloak of dozens of machines and quasi-organisms from the "free" press, with the Jewish brothers, Austrians, Germans, Sectarians, all neo-protestant Americans, all with a clear agenda of imposing on their fanatical people, confiscating and draining public money to themselves and those close to them.

## Raed Arafat - a key figure of the State of Israel - created with the ISU/IGSU a structure in which Corruption is

## endemic and subjugated to the subscribers to the contracts given generously to the political clientele

During the last 30 years, there has not been such a toxic person, with a clear agenda of taking over and militarizing some civil structures, through which the State of Israel penetrated the heart of Romanian society riding on the Trojan Horse of SMURD.

Dr. Raed Arafat - the man behind huge interests, demonic ambitions with direct links to the Sectarians who are now entering schools, that on the boulevard, he managed to antagonize and use any moment of weakness in society, in order to create and maintain of faults in society.

## Those who support and help Raed Arafat are the Sectarians of Respiro, the Israeli brothers and the Adventist brothers

Minunile se construiesc din gesturi mici și este foarte îmbucurător să vedem o asemenea mobilizare de forțe care va avea un impact foarte mare. Vrem să vă rugăm să nu vă opriți din a face gesturi mici pentru că ele contează", a spus Radu Pițurlea, vicepreședinte Concelex.

There have been two key moments in Arafat's recent career. One of these was the lynching and conflict with the Minister of Health, Mr. Rafila Alexandru, who disturbed the interests of the State of Israel, related to the legalization of Marijuana in Romania and the Covid 19 Pandemic.

## To understand the size of the Sectarian media lynching in Romania in 2023, a simple search on google.ro of the words rafila + emanuel ungureanu returns 19,800 results!

Google

If on the first point, related to the lynching of Minister Rafila, there was a furious campaign to discredit Minister Rafila, whose removal from the Ministry of Health was vital, on the second point, the one with the Covid 19 Pandemic, Arafat created real chaos in Romanian society!

To achieve this desired (related to Rafila), Adventist Brother Emanuel Ungureanu (USR Deputy) played the first violin and went all the way, with insults, criminal complaints and a furious campaign of compromise, Kompromat type in which all channels participated Sectarians, from which Rafila came out damaged, but alive! It is very interesting that despite the lynching to which he was subjected, Dr. Alexandru Rafila, had the strength to block the initiatives of the State of Israel ("with unlimited funds") and to block, for the time being, the project of legalizing marijuana in Romania, on the desired model by the Sectarians and "forced" for almost 10 years on the necks of the Romanians.

## THE PANDEMIC OF COVID19 UNDER THE HATEFUL DICTATORSHIP OF RAED ARAFAT

I will not go into the wretched details of Arafat's disgusting dictatorship during the pandemic, related to the hallucinatory expenses made in jest, with millions of euros paid to political clients.

I will only analyze one specific aspect, that of the LPF forms, for crossing the border, a procedure imposed by Arafat, at his proposal, promoted and supported by him, through which Raed Arafat betrayed his country that embraced him as a "man", because he, Raed Arafat, is Romanian!

The PLF forms - for entering the country, through which all Romanian citizens were strangled, free of charge, without anyone, somewhere, analyzing the information obtained from this system. Practically the entire scheme of the LPF forms represents a unilateral action to sabotage the Romanian State in a time of great medical crisis, followed

by hundreds of thousands of hallucinatory fines, foolishly, in jest, even to those who filled out these forms.

Arafat took care to implement the granting of severe punishments, fining hundreds of thousands of citizens, voluntarily, for free, taking advantage of the anarchy situation imposed by the medical situation, everything, thought out millimetrically, to strangle and weaken those who consider him one of them - a novel!

Arafat did not pay for the mess he made and is making at the IGSU level! Arafat does not pay for the miserable expenses of hundreds of millions of euros, money thrown away, to the political clientele and the Sectarians, he does not pay for the corruption in the ISU, in the IGSU, since he supports an invisible Judeo-Adventist Sectarian structure, which takes care of him!

🍷 Sâmbăta aceasta a fost specială pentru comunitatea Bisericii de Centură.

🍷 Exploratorii au pregătit un program numit "Retrospectivă-Perspectivă" în care au povestit despre începuturile Clubului Eli, despre planurile pe care le au și obiectivele pe care vor să le atingă. Clubul de exploratori s-a bucurat de primirea oficială a trei membri, dar și de avansarea a doi membri la gradul de Ghid Asistent.

"Căci Eu știu gândurile pe care le am cu privire la voi, zice Domnul, gânduri de pace, și nu de nenorocire ca să vă dau un viitor și o nădejde." Ieremia 29:11

Text translation: This Saturday was special for the Belt Church community.

The explorers prepared a program called "Retrospective - Perspective", in which they told about the beginnings of the Eli Club, about the plans they have and the goals they want to achieve.

The explorers' club enjoyed the official reception of three members, but also the promotion of two members to the rank of Assistant Guide.

"For I know the thoughts that I have regarding you, says the Lord, thoughts of peace, and not of misfortune to give you a future and a hope." Jeremiah 29:11

Pastor Costi Gogoneata preparing a new batch under oath!

**For the Lord ready at any time!**

**Initiation into the ritual of faith!**

**The rich man has done wrong and the poor man asks for his forgiveness. The Romanian Commercial Bank (BCR) has a full quiver**

At the end of the year, BCR (Banca Comercială Română) announced, along with the other banks, record profits, obtained mainly from administration or trading commissions. BCR's record profits come with a very aggressive campaign to replace bank employees with smart machines and software-based solutions where the work is transferred to the customer.

In the Călărași branch, in Orizont square, a kid is waiting patiently to close an account!

"I can't close your account, because our IT system is down!" The employee of the bank, who has by her side two pieces of equipment, capable of doing a lot of useful things, is waiting

for the impotent defrosting of the IT system. There are only two women left in the entire branch, and they wait in line for an hour. Otherwise devices, which sometimes give errors.

I also wrote about BCR in the articles:

- **The infiltration of private banks in Lehliu Gara by underlings from the Iacomi Clan**, which you can read by accessing the link: <https://experimentullehliu.ro/2020/10/25/infiltrarea-bancilor-private-din-lehliu-gara-de-interlopiei-din-clanul-iacomi/>
- **The bank and the hot goddess** <https://experimentullehliu.ro/2021/03/11/banca-si-zeita-fierbinte/>
- **BCR (Banca Comerciala Romana) on the verge of a predictable failure with serious consequences for Romanian customers - "George Program"** <https://experimentullehliu.ro/2022/06/11/bcr-banca-comerciala-romana-in-pragul-unui-esec-previzibil-cu-consecinte-serioase-pentru-clientii-din-romania-programul-george/>

Another customer comes in upset to ask why his card was held at the ATM? He finds out that BCR decided to close his account - unilaterally!

After 13 years as a client, during which he paid monthly commissions and fees to the bank, BCR unilaterally decides to close his account. The man was with his children at a store to buy food, when he found out that he could not pay, and the card was blocked! In that account he received his monthly salary and paid his utility bills.

Since there is no cashier in the branch, no one can help him withdraw money from his account, so he has to go to the central BCR, where the problem will be solved. At BCR, closing accounts unilaterally is a widespread practice!

### Another problem at the central BCR!

The account does not exist! It is not only deleted, but the balance is blocked from Bucharest, and the customer has to make an online request and wait for a response.

The employees do not know the reason why the bank canceled the man's salary account, but there is a practice that some people wake up with canceled accounts, for reasons only known to BCR.

The victim finds out that he received an email, which went into spam, in which he was informed of the account closure! Even up to this time, the injured party has not found out the reasons that led the bank to close his current account, and the money from his salary is still blocked!

### When the robot makes a mistake, it works hard to fix the problem

We learn from the discussion with the Branch Manager, that due to a simple error in which the ATM retained another customer's money, two girls worked for two days to fix the machine's error. This involved coordination with the team that opens the machines, making minutes of findings, implementing the changes, communicating with Bucharest and informing the client etc.

### To reduce operating costs, BCR Central is moving to 5 Calarasi, on the ground floor

The Central Branch is closing, and in its place Calarasians will have a wonderful Casino, with a game room and a special event area.

From the superb building in the heart of Călărași, BCR is moving to the ground floor of a building in 5 Călărași, where the few girls still left will warm themselves in the shade of the smart devices that serve customers eager for transactions.

### BCR transformed the positions of Branch Director or Regional Director Into Unit Manager

At the level of Călărași County, there is only a Unit Manager, in order not to pay high salaries. In this way, significant savings are made in the salary budget, money that is added to the huge profit made annually by BCR in Romania and exported to Holy Austria!

### Pensioners and people with disabilities abandoned by the BCR that requires the robotization of trading and the elimination of employees

Romania sold everything there was to sell! Banks, agricultural lands, factories were dismantled and sold for scrap metal, the Metallurgical Industry disappeared completely. We import profit to the West like a slave colony, and from them we import food, bread, chickens, butter, and potatoes.

In the Bărăganu plain, in Călărași County, we are talking about a shining, cruel and painful poverty, and the 30+ years of freedom, with the exception of Organized Crime, nothing has changed.

Romania is the country where the banks did what they wanted, they make huge profits, annually, and they have no problems! Profits are made from administration and trading commissions, and there is no desire on the part of the BNR to protect customers. For banks, Romania is a paradise. For Romanians, a muddy lake, in which the harder you struggle, the deeper you sink.

### When the Gods pay WHORES with silver thalers

Ion Iacomi (called the Turk), Alin Ploiesteanu (called Linut) and Iulian Iacomi (called the Emperor) went to the PSD, for protection and money. Iliuta Vasile is the one who organized and secured the coming of these underlings to the PSD Calarasi camp, after they apologized, on their knees, and brought offerings.

Iliuta Vasile (called God of Gods) forgave the sinners and offered them what he does not give out of his pocket: your money!

This is how Iliuta Vasile goes to prostitutes, with silver thalers!

### In Calarasi, the Blue Empress - Amelia Giurcan brings God out of his stupor

It's the first time I see that Amelia Giurcan still has the courage to face the Beast inside Ilie! Now I understood why Iliuta Vasile sent me all the materials about Amelia Giurcan, all the evidence of the sins committed by "the one having Iulian Dumitrescu as godfather (called the Albanian)".

I also wrote about Amelia Giurcan in the article *Amelia Giurcan, Iulian Dumitrescu, Iacomi Iulian and the secret of Polichinelle - PNL-PSD-USR axis* published on our website: <https://experimentullehliu.ro/2021/08/27/amelia-giurca-iulian-dumitrescu-iacomi-iulian-si-secretul-lui-polichinelle-axa-pnl-psd-usr/>

Not for the dismantling of the Iacomi Group did Iliuta Vasile send all the materials about Amelia, he is afraid of

Giurcan! Iliuta Vasie is afraid of Roxana Paturca, and God's frustration, cognitive inferiority, you can smell it in the air!

Un șoc pentru PNL-ul condus de Ciprian Pandeia și o pierdere pentru organizația de femei coordonată tiranic, spun unii, de Roxana Pațurcă.  
Text translation: A shock for the PNL led by Ciprian Pandeia and a loss for the women's organization tyrannically coordinated, some say, by Roxana Paturca.

What the press of Iliuta Vasile writes about Paturca - paid from the money of the Sapunari Psychiatric Hospital (see Marin Badea). Now I understand why Iliuta Vasile made so much effort to get rid of Paturca in 2021, when she was fired from her workplace, following the pressures made by God, in Bucharest. While Ion Iacomi, Alin Ploiesteanu and Iulian Iacomi knelt down and swore on the Bible that they would not sin again before God, in order to receive forgiveness, Amelia Giurcan - woman, left without the position of USR President, remained standing and he faces Iliuta Vasile. She faces him and points at him with her finger, like a louse who goes to Whores and pays them with silver thalers, stolen! Iliuta Vasile is the person who made available to me all the materials about Amelia Giurcan's "sins" and who gave them to the National Press! Iliuta Vasile is the person who worked on the destruction of Roxana Paturca, for more than three years.

As Party President, County Council President, the god of the Gods worked assiduously to destroy the two women he fears the most: Roxana Paturca and Amelia Giurcan. Related to the above, the Lehliu Experiment Newsroom has archived the conversations with Iliuta Vasile and the materials received from him.

## The Judeo - Adventist political - economic Babylon with Emilia Șercan (Lucretia), the Jewish media apparatus and Hopulele Cătălin EP. VI

By reinstating Father Calistrat, the operation to demonize the Priests in the Orthodox Church has entered a huge deadlock! For Christmas, the holy holiday for all Romanians, Libertatea had to start the campaign of "disclosures" against the Catholic Church!

The Jewish Friends twinned with the Adventist Sectarians have prepared several dozens of materials, on the same basis as those related to the Orthodox Church!

However, they encountered a problem! They were exposed, with facts and way of working, and the Fathers decided, justly, to allow Father Calistrat to resume his activity in the church, in a shocking, totally unexpected move, which canceled months of work and significant funds!

Even if the sectarians will not stop soon, I notice the panic and confusion in their weak souls, and today, 29.12.2022, I saw clearly the vile, grotesque and anarchic way in which the Sectarians work!

**29.12.2022 – time 08:10 am**

29.12.2022- Time 08:10 am

I am called from Bucharest related to an article published in Libertatea, signed by Catalin Hopulele, a pseudo-journalist specializing in Jewish issues. "Do a good keyword search and see the article disappear within 90 minutes maximum, during which time they take it to dozens of platforms, push it, then remove it and hide it! I am doing this so that the

origin of the article is lost, so that it remains in the Ziarul de Iasi, if someone is looking for it..." Source from the Libertatea editorial office.

**Părintele Calistrat, filmat în timp ce lovea o femeie în curtea unei mănăstiri, s-a întors la slujbe. „Și-a ispășit pedeapsa! Poate spuneți că am fost prea blânzi”**

Title translation: Father Calistrat, filmed while hitting a woman in the fold of a monastery, has returned to work. You have served your punishment! Maybe you say we were too gentle"

Two hours later, Hopulele's article disappeared from the front page of Libertatea, but with a simple google search, he was pushed into several dozen sites close to the Sectarians! Any person looking for information would find anything, only Libertatea no! This perverse, cowardly, dirty way is specific to the Cultists and is how to work undercover!

It should be noted that Andrada Lăutaru (Hopulele's assistant) worked actively in all the articles in which the Catholic and Orthodox Church were smeared, on behalf of the Judeo-Adventist Sectarians, she came from Vice...

## Michael Ringier and Romanian Journalists (lovers of Jews) who end up selling their soul and country for a handful of gold coins. Libertatea and Journalists Hopulele Cătălin and Andreea Archip EP. VIII

LibertateaFreedom rewards Journalists for anti-Romanian materials, in which the fundamental values of our society are trampled upon. From the Libertatea editorial office, we learn how the Libertatea Trust paid the sum of 140,000 Euros for the Kompromat "work" imported by Father Calistrat (from the Vladiceni Monastery), meaning sums paid to the journalists involved, sums paid for promotion on other channels and related expenses (with travel or other

expenses). For the important "work" of Father Visarion Alexa, Libertatea spent 85,000 euros!

In the Libertatea editorial office, Jews or lovers of Jews are elected on the spur of the moment (in key positions)! One of the Libertatea starlets is Miss Andreea Archip, Hopulele's colleague from Iasi, who has a more intense friendship with him! Known in the world of journalism as the Atomic Blonde, Andreea Archip came from Iasi with a beautiful bag of pro-Jewish articles. Brought to the capital, in the bosom of the "family", Andreea agreed to bend to the demands of the Libertatea management, and the last work "The dilemma of 2023 for a Romanian entrepreneur, now a plumber in Ireland, at Intel, with 5,000 euros per month. "In Romania they were talking to me like a criminal", represents a culmination of journalistic prostitution, to which some indulge, for a handful of coins...

Anti-Romanian article approved and endorsed by Cătălin Tolontan! For 3 days, the anti-Romanian article kept its freedom on the first positions!

Title translation: The dilemma of 2023 for a Romanian entrepreneur, now a plumber in Ireland, at Intel, with 5,000 euros a month. "In Romania they spoke to me as if I were a criminal"

Andreea Archip is body and soul with the Israelis, even if she is Romanian (Moldovan) and since 2020 she is also editor-in-chief of the education platform School 9!? That does not prevent her from complying with the requirements of the Jewish leadership of Libertatea and offering anti-Romanian news, with the client's material, news for which Andreea Archip receives substantial sums!

**Andree Archip closely followed IPS Teodosie, where he helped with articles through which Liberty hit the Orthodox Church, directly hitting IPS Teodosie, in several dozens of articles, either co-authored or as the shadow man!**

**Andreea Archip - wild journalism lesson - all for a handful of gold coins!**

The story begins with Tudorel Catrinou, from Constanța County, a businessman who, through the company he owns, worked in the naval and oil & gas industries, where he earned around 200,000 euros/year. Among other things, he also worked in the Petromidia Refinery, from where I was immediately called by my colleagues and informed of the fact that those from Libertatea are interested in my activity there, together with the interest in Mr. Tudorel

Catrinou, who worked in the same Refinery on scaffolding and maintenance contracts.

Tudorel is an exceptionally hardworking man, a true Romanian, skilled and hardworking, a man who chose the path of wandering to ensure a better future for his family! Millions of people from Romania have taken the path of migration, including the undersigned, with the hope that in time we will be able to return home, to our families. The article from Libertatea, in which Andreea Archip distorted the information received from Mr. Tudorel Catrinou, in order to incite people to leave the country, to defect, to hate the country, to break away from society and emigrate, exceeded every limit! I persisted for a long time before calling Catrinou! I spoke with colleagues in the refinery and spent hours trying to find out what I was going to conclude: Libertatea took a beautiful story and turned it into an anti-Romanian material, meant to cast aspersions on Romanian society, like many Libertatea materials they are tailored, with a deep anti-national message.

**THE MESSAGE IS TO LEAVE OUR COUNTRY, AND THE CHOSEN PEOPLE COME IN THE PLACE OF THE DEPARTED, TO THE NEW "LAND OF PROMISE" - ROMANIA!**

**The Jews slip through the doctrinal cracks between the religions of the Romanian Space**

They have 3 main enemies viewed through the lens of the majority:

- PSD representing the majority but also the transfer of power before and after the revolution, the few competent people left in the administration; although they also have deputies here, Corlăteanu, they are still in the minority compared to the PNL, which they penetrated until they took direct control
- Orthodox and Catholic faith, pillars of Christianity and the Romanian nation
- Romanians themselves who are attacked on all fronts

And the persecuted, tortured and unjustly accused Jew, after he robs and multiplies the talents at the expense of Romanian dreamers, stretches out his hand and begs for donations, he is the embittered, persecuted, always unjustly accused and oppressed! Ringier Romania with receipts of 21,000,000 euros/ 2021, extends its hand and asks for donations, from the Romanians it spits on daily, hates to death and urges them to leave their country!

Michael Ringier – the persecuted jew!
